|                          |            |                       |  |
|--------------------------|------------|-----------------------|--|
| First Name/Business Name |            | Last Name             |  |
| Property Address         |            | Unit #                |  |
| Home/Business Phone      | Cell Phone | Work Phone/Cell Phone |  |
| Email                    |            |                       |  |

**Blackboard Connect** service enables Village officials to schedule and send informative voice messages to households and businesses. Future messages may contain notifications about water breaks in your area, or remind you of a Village Project, such as Clean-Up Week. This system will also augment our primary emergency services and existing communication channels to keep you better informed. All residential and business land lines were automatically included in the system; however, **if your number is unlisted it was not added, and this is your opportunity to be included in this new program.** And all residents have the option of adding phone numbers and/or email addresses. If you wish to opt-in, please visit us on the web at [www.villageofnorridge.com](http://www.villageofnorridge.com) and click on the Blackboard Connect icon, call 708.583.5783, or complete this form and return it to Norridge Village Hall.
