RE: Backflow Testing Procedures

Please adhere to the following procedures when submitting backflow assembly test reports.

Requirements for Backflow Assembly Reports:

- All backflow assembly test reports must be submitted via the BSI Online backflow tracking system at www.bsionlinetracking.com.
 - For each report submitted you will be required to pay a filing fee and adhere to all policies and procedures of BSI Online.
- Reports submitted in any other manner will be returned to you.
The only exception is if the report is for a brand new or previously undocumented backflow assembly. In this instance, there will not be an initial filing fee. You will report directly to BSI.

Your cooperation is appreciated. For additional information contact:
