BUILDING DEPARTMENT FOR YOUR SAFETY

INSPECTIONS: It is the responsibility of either the contractor or the homeowner to obtain all required trade inspections. Appointments are to be made not less than 24 hours prior to the inspection date and time requested. All exposed construction materials, during the course of the project, will be brought up to applicable code requirements. Additional trade permits may need to be applied for once any existing violation is discovered. A “*rough inspection*” is required before all permitted work is either closed over or covered over for all trade codes involved in the project. A “*final inspection*” is required upon completion of all permitted work prior to the expiration of the permit. All inspection reports must be available to the inspectors on the job site. All work must be visible to the inspector.

If the permit expires prior to the final inspection it must be renewed and additional fees will be required.

Permission is granted for Village of Norridge Building Inspector to enter the property for observation of a permitted project or verification of application for permit.

This inspection can be by either appointment or by absence of property owner or principle agent contracted to perform trade work as stated on permit.
